There are other very nearby hotels (5 minute walk) for example The Hyatt Vineyard Creek ([ineyardcreek.hyatt.com/en/hotel/home.html?icamp=vineyardcreekredirect](http://ineyardcreek.hyatt.com/en/hotel/home.html?icamp=vineyardcreekredirect)) and The Courtyard Marriot Santa Rosa (<http://www.marriott.com/hotels/travel/stscy-courtyard-santa-rosa/>).

Santa Rosa and surrounding areas are key tourist destinations so there is much accommodation on offer but please move to make your bookings so you will not be disappointed.

#### **Parking**

There are a number of all day parking lots in Santa Rosa and opposite La Rose a small Parking Lot for those not staying at the hotel. For those staying at the hotel there is a small parking lot opposite the hotel and at the back of Aroma Roasters.

#### **Meals**

The Hotel La Rose is currently refurbishing its dining room and letting the contract to an outside restaurateur. This means that there are at this point (mid-March) no lunch and dining facilities in the hotel. For guests staying at the hotel there is a continental breakfast served in the restaurant. There are multiple restaurants, eateries and coffee shops in the area of Downtown Santa Rosa that should be able to cater to all tastes.
